About Me

I am 20 years old, I am studying Computer Engineering in Karabuk university, and my GPA is 3.59, and I have a very good experience in programming and Developing.

Experience

- **Tafouh Secondary School (2017-2022)** – I studied the most important stages of education in this school and graduated with a grade of 94%. Throughout my studies, my only interest was to complete my life working on computers, and this is what helped me choose my university major.
- **Karabuk university (2022-2027)** – I have a Bachelor's degree in Computer Engineering, graduated from university with a GPA of 3.59, and participated in many events related to cyber security.
- **PARAZONE Database Engineer (2028-2034)** - Leading a team of 7 people in creating a secure database for use by multiple clients across the internet.
